ANNOUNCEMENT NO. 10-06

RELEASE DATE: FEBRUARY 26, 2010

RESPONSES DUE: MARCH 26, 2010, 2:00 P.M.

INTERNATIONAL REPRESENTATIVE—JAPAN

The Nevada Commission on Economic Development (Commission), Office of Global Business Development (hereafter called the Department) is **IMMEDIATELY** seeking a professional services contractor (International Representative, hereafter called the Rep) to provide export promotion and attraction of inbound investment services to Nevada companies and the Commission for the purpose of expanding exports of Nevada products and services to and expanding foreign direct investment from **Japan**. The emphasis of the resultant Agreement will be on export promotion assistance to Nevada companies exporting to Japan. There may be additional Nevada state or local agencies that will also support this effort.

All firms submitting proposals in response to ANNOUNCEMENT are referred to as “Rep” in this document; after negotiations, the awarded Rep will be designated as “International Representative.”

The Department, under the policy guidance of the Commission, currently operates foreign offices (by representatives) in the People’s Republic of China, Europe (Italy and the The United Kingdom), Japan, and Mexico. These offices provide an array of services designed to assist Nevada companies that enter or expand existing exports to the markets, and serve as an information source for solving trade issues related to the export of products and services. These offices also work to recruit inbound investment to Nevada. Proposals are sought from qualified Reps to provide these services in Japan.

As a result of this ANNOUNCEMENT process, the Commission anticipates entering into the Agreement with the selected Rep providing for services beginning April 1, 2010 and running for one year. The Agreement is automatically renewed for successive one-year terms unless cancelled by either party with a 30-day notice. Reps are asked to submit proposals describing the extent of Japan trade promotion and inbound investment recruitment services they are willing to provide during the term of the Agreement. The Department seeks expanded export sales in Japan by Nevada companies assisted by the Rep and increased inbound investments in Nevada by companies in Japan.

The first major focus of the resultant Agreement is in promoting Nevada industries; offering in-country business assistance to the Department’s clients; conducting agent/distributor searches, and product market viability studies in Japan. In addition to these activities, the successful Rep will also assist with trade related issues relating to product market barriers; keep the Commission and companies up to date on marketing changes and opportunities; and advise companies on regulations, licensing, labeling and other requirements related to exporting products in Japan

The second major focus of the resultant Agreement is promoting Nevada as a place for foreign investment; offering in-country assistance to the Department and its economic development partners in Nevada to recruit companies to directly invest in Nevada. Special emphasis in this effort will be given to companies in the clean technology/renewable energy industries and associated supply chains.

The Department operates its International Representative programs on the basis of very high quality services. Its foreign Reps are expected to take the necessary time with each Nevada company to ensure that the opportunity for exporting is created or that each company meets its objective. Its foreign Reps are expected to demonstrate a similar high quality in the assistance to companies considering investing in Nevada.

1.2 DESCRIPTION OF NEEDED SERVICES

The following provides a summary of the services sought:

1) Rep's two primary areas of the Agreement work are:

A.) Assisting Nevada companies, especially in key industries, to locate suitable opportunities to facilitate export sales. This category requires Rep's proactive networking effort with businesses, industry associations, and government agencies in Japan upon selected Nevada industry focuses.

1. **In-country business assistance** may include business meeting set-ups, interpreter and lodging arrangements, and Japan general economic and business practice briefing assistance upon the client's request.
2. **Agent/distributor searches** involve finding and pre-qualifying potential and interested agents and distributors who would normally buy from Nevada manufacturers and resell to customers in Japan. Where necessary, this work will include setting up appointments for Nevada companies with qualified and interested distributors and agents in Japan.
3. **Product market viability studies** involve researching the market to determine whether the product can be sold in the market, at which price level, to which customer groups, and etc. This also includes evaluation of existing suppliers/manufacturers, determining the extent of competition, price points, potential sales volumes and market barriers.

B.) Recruitment of foreign direct investment in Nevada. Rep should be focused on companies in the clean technology/renewable energy industries and associated supply chains as well as the mining sector, commercial infrastructure projects and general manufacturing.

1. This work will include assisting the Department and its partners to refine the Japan foreign direct investment strategy;
2. Rep will assist the Department with a variety of trade promotion activities in Japan which may include in-coming purchasing missions and outgoing trade missions and trade shows;
3. Rep will assist Nevada businesses to resolve general trade issues in Japan, which may include ongoing advice on market change, regulations, licensing, labeling, and other requirements related to exporting products to Japan;
4. Rep will act as primary point of contact for all matters related to the activities concerning trade relations between the State of Nevada and Japan on behalf of the Department in Japan;
5. Rep will provide on-going communication with the Department Director, Global Business Development and Diplomatic Liaison and Chief of Protocol via e-mail and telephone;
6. Rep will provide monthly, quarterly, annual, and end of Agreement reports to the Department summarizing Nevada related Export Promotion and Inbound Investment Attraction activities which should include a brief market summary, list of companies worked for, trade issues and other matters. Performance reports on export sales by companies assisted and inbound investment recruitment of targeted companies should be provided on the same schedule as part of or separate from the regular reports;
7. This is a non-exclusive Agreement. The Rep may have other clients in addition to the Department upon written approval by the Commission.

1.2.1 COMPENSATION

This position is not compensated by the State of Nevada. The representative is a "voluntary" representative and as such would be compensated by the fees that they can charge Nevada companies, or clients in the countries where they represent Nevada, for the services that they provide as described in

Section 1.2. There is no limit on the amount of compensation that the Rep can receive and the Rep is free to negotiate their fee structure with the client companies.
