

# A Living Document

No strategy is perfect at the moment of its announcement. Rather than culminating a conversational process, however, Nevada's Plan for Excellence in Economic Development intends to begin one.

At various times during the next three years, meetings and workshops will be coordinated by GOED in collaboration with regional economic development authorities and representatives from business, workforce development, the various sectors, and education at all levels. Statewide tours may include participation by Governor Brian Sandoval and any number of State Ambassadors.

The State Plan will be on GOED's website and will include a comment section.

The strategic plans for other state agencies will indicate where their programs enhance state and regional economic development efforts. The regional economic development plans will also intersect with the State Plan. Documents will be linked together on the websites of the Governor's Office and pertinent state and regional organization.

As we move forward as regions and as a state, we will celebrate our successes and learn from each other. The Plan for Excellence in Economic Development will respond to input from the RDA's and will be revised as often as changing circumstances demand. With a renewed commitment to collaboration, state and local partners will move forward, with enthusiasm, toward the vision of a vibrant, innovative, and sustainable economy for Nevada.
