Re: Economic Development Rate Rider Application

Dear Mr. Hill,

Xtreme Manufacturing appreciates being considered for the Economic Development Rate Rider (EDRR) program with the State of Nevada and NV Energy.

Xtreme Manufacturing welcomes any recommendations that NV Energy may have to implement energy efficiency measures on the existing buildings at the campus in the City of Henderson. In addition, we welcome any energy efficiency recommendations that NV Energy may have as we design and construct our new 79,500 square foot fabrication facility.

We appreciate your consideration of our application.

Sincerely,

Don F. Ahern
