APPLICATION HIGHLIGHTS
- WinTech LLC (WinTech) is considering an expansion of its Las Vegas based headquarters which houses the company’s technology development, world-wide sales, and support departments.
- It is anticipated the expansion will result in medium to high growth rates in terms of number of employees and revenues over the next 3 to 5 years.
- WinTech anticipates rapid growth in its technical support and sales workforce over the next 24 months and beyond.

PROFILE
WinTech is a Nevada based technology company that has developed the award-winning A Live Interactive Customer Experience (ALICE) Receptionist visitor management technology. ALICE Receptionist is a virtual receptionist and visitor management technology that manages visitors for commercial and government buildings around the globe. Businesses, office complexes, and organizations without a full time receptionist can use ALICE to enable existing staff members to manage building visitors with minimal distraction to employees. ALICE Receptionist uses advanced technologies such as motion detection, ID scanning, visitor screening, and video communications to give companies control of their lobbies by greeting and registering visitors through wall mount displays, kiosks, or desktop hardware as they enter the building. Employees load the ALICE client software on their PC or laptop, which allows them to see and interact with visitors from the convenience of their desk, meeting room, etc. With the ALICE Cloud Service soon to be announced, users will be enabled to take connectivity with them outside the office, be that in another satellite location, on a laptop, tablet, or via a smart phone platform. ALICE Receptionist easily integrates with third party software and email programs. WinTech LLC conducts business across the US, Canada, Europe, Australia, New Zealand, and Jamaica. SIGNIFICANCE OF ABATEMENTS
WinTech is currently reviewing another location. However, due to the light tax burden as well as assistance from the Las Vegas Global Economic Alliance (LVGEA), the company is considering expanding operations in southern Nevada. The tax abatements offered by the state are a critical reason to consider expansion in Nevada. Source: WinTech LLC

Mr. Paul Anderson

Executive Director
Nevada Governor’s Office of Economic Development
555 E. Washington Avenue, Suite 5400
Las Vegas, Nevada 89101

Dear Mr. Anderson,

WinTech, LLC (herein "WinTech") is applying to the State of Nevada for the Sales and Use Tax Abatement, Modified Business Tax Abatement, and Personal Property Tax Abatement. We request their application be placed on the agenda for the March 2019 GOED Board Meeting.

WinTech is exploring their options to expand operations in Southern Nevada from a current staff of 8 by hiring 17 additional employees over the next 24 months. These new hires will make an average hourly wage of $36.63 and be provided with a benefits package that includes 90% coverage of the employees' healthcare premium. WinTech will make an investment of $103,000 in capital equipment.

Our team has reviewed WinTech’s application and found it to comply with Nevada’s statutory requirements for tax abatements. This application has the full support and endorsement of the Las Vegas Global Economic Alliance. We appreciate your consideration in this matter.

Sincerely,

Perry Ursem
Vice President, Business Retention and Expansion

Mr. Paul Anderson  
Executive Director  
Nevada Governor's Office of Economic Development  
555 E. Washington, Suite 5400  
Las Vegas, NV 89101

Dear Mr. Anderson,

By way of this letter and the attached application, WinTech LLC is requesting tax incentives to assist with our expansion efforts in the state of Nevada. Recent strategic planning has the company focused on creating a greater presence in Nevada. A significant part of this consideration is the economic incentives offered by the state. We are projecting to add 17 full-time employees with an average wage of $36.63 over the next two years of operations.

A brief history of our company along with an overview of our products is attached.

The economic development incentives offered by the State of Nevada have been an integral factor in our expansion strategy. The projected cost savings from the support of these incentives will allow WinTech LLC to hire a greater number of full time employees, supporting the Governor's initiative for providing more Nevadans with long term work and career opportunities. Additionally, Nevada's pro business climate provides WinTech LLC with a sustainable location for ongoing strategic growth.

We will be expanding from 3,500 sq ft to 5,343 sq. ft. within the next few months to accommodate for our projected expansion.

Our experience with representatives from the Las Vegas Global Economic Alliance has been positive and we look forward to your approval in supporting our expansion efforts. We appreciate your time and consideration.

Sincerely,

Mike Yoder

Section 3 - Program Requirements
Please check two of the boxes below; the company must meet at least two of the three program requirements:

☐ A capital investment of $1,000,000 in eligible equipment in urban areas or $250,000 in eligible equipment in rural areas are required. This criteria is businesses. In cases of expanding businesses, the capital investment must equal at least 20% of the value of the tangible property owned by the business.

☐ New businesses locating in urban areas require fifty (50) or more permanent, full-time employees on its payroll by the eighth calendar quarter following quarter in which the abatement becomes effective. In rural areas, the requirement is ten (10) or more. For an expansion, the business must increase employees on its payroll by 10% more than its existing employees prior to expansion, or by 25 (urban) or 6 (rural) employees, whichever is greater.

☐ In urban areas, the average hourly wage that will be paid by the business to its new employees is at least 100% of the average statewide hourly wage. In rural areas, the average hourly wage will equal or exceed the lesser of the county-wide average hourly wage or statewide average hourly wage.

Note: Criteria is different depending on whether the business is in a county whose population is 100,000 or more or a city whose population is 60,000 or more (i.e., "urban" area), or if the business is in a county whose population is less than 100,000 or a city whose population is less than 60,000 (i.e., "rural" area).

Please summarize the importance of the abatement program to your decision (please include at least a paragraph summary):

The abatement program is a critical component of determining where locate certain portions of our workforce as we execute our business expansion plans. We anticipate rapid growth in our tech support and sales workforce over the next 24 months and beyond. Because these employees do 99% of their business and job duties on the phone, we are not geographically restricted on where to locate them. Employee cost will be one of the largest line items on our budget and the benefits offered as part of the abatement program are a key to determining where to expand these teams members.
